

Very good activity
recommended for any
support...

TO THE OFFICE OF DISTRICT
HEALTH OFFICER
KABALE DISTRICT.

THROUGH THE PRINCIPLE
FORT PORTAL INTERNATIONAL
NURSING SCHOOL.

Forwarded
R.R. G.

RE: APPLICATION FOR HEALTH EDUCATION.

We humbly request you to allow
us carry out health education in Kabale district.

We are organised group of students of
Fort Portal International Nursing School (FINI),
Interested in lifting up the health standards of
our community, district and Uganda at large.
The main aim of doing this is:

To sensitise the community about available health
services in Health centers and hospitals

To ensure people get aware of preventive and curative
measures of diseases affecting their community

To ensure people know how to care for their lives

The target groups are:

Mothers

Men

Teen-age.

We shall be greatfull if we ^{are} allowed
to carry out this activity

CONCEPT NOTE FOR HEALTH ADVOCATORS FINS TEAM {HAFT}

NAME

HEALTH ADVOCATORS FINS TEAM (HAFT)

VISION

Uplifting health standards of our community, district and
Uganda at large.

MISSION

Working as a team and gaining co – operation with
community members to improve health at all levels.

HAFT 240@gmail.com

OBJECTIVES

1. To sensitise the community about available health services in their nearby health centres.
2. To ensure people get aware of preventive and curative measures of diseases affecting their community.
3. To ensure people know how to care for their lives.
4. To reduce maternal and infant mortality and mobility rate.
5. To sensitise people in the community about the increased rate of HIV/AIDS especially the youth
6. To sensitise people about the effects of domestic violence
7. To carry out community diagnosis

PROBLEM STATEMENT

- ✓ High infant and maternal mortality and mobility rate
- ✓ High HIV prevalence in the area
- ✓ Low health care seeking behaviour in the community
- ✓ Increased malaria cases

HAFIT 240@gmail.com

STRATEGIES TO REACH OBJECTIVES

Sensitise the community about available health services in their nearby health centres through targeting church services, visiting health centres, visiting schools and carrying out community meetings.

Ensuring people get awareness about preventive and curative measures of diseases affecting their community by ensuring preventive measures like maintaining proper hygiene and sanitation, sleeping under treated mosquito nets and emphasising proper utilization of health services as a curative measure.

On reducing the mortality and morbidity rate of children under five years by sensitising mothers to take their children for immunisation programme and carrying out follow ups to get children who are not fully immunised.

On health improvement of pregnant mothers through health education on different topics like nutrition and advising them to go for antenatal services for safe delivery.

On carrying out community diagnosis through carrying out community survey to find out the health problems affecting the community.

Sensitising people about the effects of domestic violence through co-operation with local leaders and holding meetings to identify families experiencing domestic violence and giving them counselling services.

Sensitisation of people about the increased rate of HIV/AIDS in the community and how to control its spread through emphasising preventive strategies like being faithful to your partner, use of condoms, abstinence and also providing counselling and guidance services for infected and uninfected people.

HATT 240@gmail.com.
